STILLMAN SCHOOL OF BUSINESS
SETON HALL UNIVERSITY

EIGHT MODULES

1 Radically Changing Nature of Leadership

Understand the common leadership skills and traits of history's great leaders while seeking inspiration, establishing role models and uncovering insightful tools.

2 Transformative Impact

Recognize the characteristics of human motivation. Discover how to inspire your team to passionately stay engaged in their daily work and put forth their best efforts.

3 Power & Influence

Be a changemaker in today's world. Discover how grassroots leaders have been known to spark extreme change. Review case studies on the use of power and influence.

4 Managing Disruption & Transformation

Expand your transformation to incorporate digital technology in all areas of business. Empower your individuals and teams by taking a human-centered design approach.

5 Personal Leadership

Develop positive leadership traits, set realistic goals, and hold yourself accountable. Articulate a unified vision to encourage team members to exceed expectations.

6 Moral Leadership In An Imperfect World

Grow your abilities as a socially conscious leader and ensure your business operations are lead with accountability, transparency and consideration of the environment.

7 Leadership & the Future of Work

Build strategies to help your team adjust to their new work environment. Strengthen your resilience and adaptability in times of uncertainty, adversity and disruption.

8 Leadership Culture

Conduct a 360°, then reflect on your leadership impact and the benefits of having a growth mindset. Develop a personal board of directors and actions for your 360° results.

Capstone Project: Build your Personal Growth Plan

Throughout the program, you'll work on your very own projects as you develop your own Personal Growth Plan – a professional toolkit and portfolio.
